GENERAL APPLICATION INFORMATION

This application handbook provides all the necessary forms and instructions to apply for a 2005 Community Development Block Grant (CDBG) Public Service Grant. The completion of the application forms and federal requirements must be coordinated between the county and the community action agency (CAA).

APPLICATION AND CONTRACT TIME FRAME

PARTY	ACTION ITEM	DATE
CDBG	Distribute application handbooks to county and CAA	11/9/04
County/CAA	Send the minimum application documentation to CDBG	12/13/04 or earlier
CDBG	Send grant contract to county for signature	12/31/04
County/CAA	Send any remaining application documentation to CDBG.	1/24/05 or earlier
County	Sign and return contract and Environmental Review Form to CDBG	1/30/05 or earlier
CDBG	Sign and return fully executed contract to county	2/9/05
County/CAA	Funds can be expended once the contract is fully executed	

The contracting dates are contingent upon the receipt of a complete application by the due date.

RECENT CHANGES TO THE 2005 APPLICATION

- The revised Community Service Block Grant (CSBG) funds allocation formula was used to reallocate CDBG funds among the eligible counties and CAA's that principally serve CDBG non-entitlement areas. As a result of the changes in CDBG entitlement status, the number of eligible grant recipients/subrecipients was reduced from 15 to 12. The amount of CDBG funds was increased and the amount of CSBG funds was decreased for these 12 eligible CDBG Public Service Grant recipients/subrecipients.
- Definitions of eligible direct and administrative costs are listed in the Eligible Activities section.
- To expedite the contracting process, a two-phase application submittal process will be allowed. See the Submittal Instructions for more detail.
- Due to changes in the environmental review process, the Environmental Review Form will be revised and then sent with the CDBG contract for signature.

GENERAL APPLICATION INFORMATION

ROLES AND RESPONSIBILITIES

The left column lists the application form and federal requirements found in this application handbook. In addition, both the county and the community action agency have the responsibility to coordinate their efforts to meet the application and contract timeframe outlined above.

GENERAL APPLICATION INFORMATION

ELIGIBLE ACTIVITIES

A complete listing of CDBG eligible public service activities can be found in Section 105 (a) of Title I of the Housing and Community Development Act of 1974, as amended. As CDBG budget details are developed, the following issues should be considered:

- CDBG funds can only finance CDBG eligible public service activities.
- Accountability is easier if CDBG funds are distributed between fewer categories.
- CDBG can fund direct service costs, and those supportive administration costs identified to the eligible service within the community action agency's Cost Allocation Plan.

Definitions:

CDBG Eligible Public Services – A direct service to a low- and moderate-income person that is not eligible under another CDBG line item. Other CDBG line items that are not considered public services include housing rehabilitation, construction and planning.

Direct Services – Activities that directly result in a specific service to a low- and moderate-income person.

- This does not include direct income payments, although emergency payments paid to a third party for no more than three consecutive months may be eligible.
- This could include linkages if the activity provides a tangible linkage service for a person.

Eligible public service costs – Direct service costs and supportive administration costs necessary for the implementation of a direct public service to a person, including:

- Program staff salaries/benefits, including supervisory staff directly involved in the management of the public service program.
- Supportive administration costs charged to the eligible public service program as identified and documented in an approved cost allocation plan. These costs must be applied equitably and demonstrate the actual cost of providing the public service.
- Cost of operating and maintaining that portion of a facility in which the service is located, even if such costs are the only CDBG contribution for the services.
- Indirect costs applied to a public service program as identified and documented in an approved cost allocation plan. These costs must be applied equitably and demonstrate the actual cost of providing the public service.

INELIGIBLE ACTIVITIES

In general, any activity not described in the reference above and that does not principally benefit low- and moderate-income persons (defined as having a total annual income of 80% or less of a county's median income) is ineligible for consideration.

CDBG Public Service Grants also cannot fund activities and their administration costs that are eligible for funding through another CDBG fund/line item instead, such as:

- Planning

- Housing rehabilitation
- Facility acquisition, construction or renovation

Contact the CDBG Program for information on accessing CDBG funds for these above activities that are not considered a CDBG *public service* activity.

In addition, CDBG funds may not be used for:

- Administrative costs related to the general management of the organization
- Political activities
- Direct payments to individuals for their food, clothing, utilities, or other income payments. (Third-party payments are potentially eligible under an emergency basis. See Eligible Activities.)
- New housing construction costs, including administration of new housing development programs

RELATIONSHIP BETWEEN PUBLIC SERVICE GRANT AND OTHER CDBG FUNDS

It is possible for an eligible jurisdiction to apply for more than one type of CDBG funding within the same program year. A Resolution with Certifications of Compliance, Disclosure Report and the county's public hearing must be specific to each application.

PROJECT SUMMARY FORM INSTRUCTIONS

The Project Summary Form serves as the cover page for the application and should be the first page inside the cover.

1. The applicant jurisdiction must be a non-entitlement city or county. The Tax Identification number is usually a "91-" number. *For Public Service Grants, the applicant is a county.*
2. Provide information on the person to be contacted, should more information regarding the threshold requirements or project proposal be needed by the CTED staff. This person will also be listed as the contact person for the CDBG contract.
3. Provide information on any subrecipient organization that will benefit from the project or receive CDBG funds as a pass-through. *For Public Service Grants, the subrecipient organization is the community action agency.*
4. Provide information on the consultant used to develop the proposal, if applicable. *For Public Service Grants, this should not be applicable.*
5. List the month and day of the beginning and end dates of the applicant's fiscal year.
6. List the numbers of the state and congressional districts.
7. Provide a brief project summary, highlighting what is to be accomplished and the major elements of the project. *For Public Service Grants, the 2005 Budget and Project Description table on page 9 will be used to provide this summary.*
8. Check the appropriate project category. *For Public Services Grants, check "public services."*
9. Indicate which CDBG Program national objective this application addresses. Also, list the percentage of low- and moderate-income (LMI) benefit, as documented with the Low Income Households Benefit Table. *All Public Service Grants must address the national objective "principally benefiting low- and moderate-income households" and because community action agencies provide anti-poverty programs, a 100% benefit is assumed. It is not necessary to address more than one national objective.*
10. List the project budget. *For Public Service Grants, the CDBG budget is the total CDBG contract amount, including county administration; and the CSBG budget is the amount listed in the Award Allocation table.*
11. List the Census Tract and Block Group for the location of the community action agency. Sources of assistance are the local or county planning office, the U.S. Census website: (<http://www.census.gov/>) or the State Data Center/Census 2000 website: (<http://www.ofm.wa.gov/census2000/index.htm>). The State Data Center telephone number is (360) 902-0592.
12. List the number of persons and persons with low- and moderate-income (LMI) that will benefit from the project. *Please provide an unduplicated total number of persons to be served by the programs funded with the Public Service Grant. Since a 100% benefit is assumed, the number of LMI persons should be the same number.*
13. This form must be signed by the Chief Administrative Official (mayor, county commission chair, county administrator, or city manager as applicable) or the county official designated in the Certification of Compliance. **An original signature must be submitted.** Please clearly state the official's name and title.

CITIZEN PARTICIPATION REQUIREMENTS FOR CDBG PUBLIC SERVICE GRANTS

To apply for CDBG funds, a jurisdiction must show it has involved its citizens in the CDBG application process and complied with the specific federal citizen participation requirements outlined in 24 CFR 570.486. These regulations are provided in the sample handout on page 23. The purpose of these citizen participation activities is to inform the residents, local organizations that serve low-income persons and the county decision-makers of the availability of CDBG funds and to provide them the opportunity to present potential projects and input on proposed projects.

If a jurisdiction intends to apply for more than one type of CDBG grant during the same year, it is advisable to contact the CDBG office to discuss how to coordinate these citizen participation and public hearing requirements.

Also, the 2004 Public Service Grant contracts are approaching their end. A public hearing that reviews the county's and community action agency's performance and use of CDBG funds is required as part of this contract's closeout process. It is advisable to combine the public hearing requirements for the 2005 application and the 2004 closeout process into one public hearing. This can be accomplished by following the sample public hearing notice language, provided on page 20.

√ **NOTE:** Some counties and community action agencies did not follow all of these citizen participation requirements for the 2003 application and contract processing was held up. Please review this section carefully; to ensure the public hearing, outreach and documentation requirements are met.

SUMMARY

The minimum citizen participation requirements for the submission of a CDBG application are:

1. Conduct at least one public hearing prior to submission of the CDBG application. This hearing must be held at a convenient time and location to encourage citizen participation.
2. Publish an official announcement of the hearing, providing reasonable advance notice. A sample public hearing notice with required language is provided on page 20.
3. Distribute information on the availability of CDBG funds and the eligible uses at the public hearing. Sample fact sheets are provided on pages 21 and 22. The hearing minutes must reflect that these handouts were distributed at the public hearing.
4. Review local demographic data to determine if it is reasonable to expect a significant number of non-English speaking residents to participate in the public hearing and advertise and conduct the public hearing in accordance with this determination. Detailed guidance on providing and documenting outreach and accommodation for non-English speaking residents is provided on pages 18 and 19.
5. Adopt a grievance procedure for the use of CDBG funds. A sample grievance procedure is provided on page 24.

6. Document that the notice was published and the hearing was held. A documentation checklist is provided below.

Required citizen participation documentation to be submitted with the application:

- ✓ A copy of the public hearing minutes, including a statement that the CDBG required handouts were distributed.
- ✓ A copy of the affidavit of publication or photocopy of the notice from the paper.
- ✓ The Outreach and Accommodation for Non-English Speaking Residents form, documenting the review and determination of local data on non-English speaking populations, the list of outreach steps (if applicable) and accommodations made.
- ✓ A copy of the jurisdiction's adopted Grievance Procedure.

DETAILED INFORMATION ON THE REQUIREMENTS

1. Public Hearing Logistics

What is a public hearing? – A public hearing is a meeting of a governmental body during which the public is invited to the council or board of county commissioners, who will primarily listen and receive public input. A public hearing may be held as part of a regularly scheduled public meeting where official decisions may then be made or where it is elected to make a decision at a subsequent meeting.

Who must conduct the hearing? – The applicant city, town or county. Although some applications are developed by other community organizations or special districts, these organizations cannot conduct the hearing and have it meet CDBG requirements.

When must the hearing be held? – Prior to submission of the CDBG application and within 18 months of the application submittal date.

Where must the hearing be held? – The hearing location must be accessible to persons of disability. The location must also be convenient for persons likely impacted by the proposed project. This is particularly relevant for a county proposing a project in a community that is far from the county seat.

2. Public Hearing Notice

When must the advance notice be made? – Generally, a legal notice is published at least one week prior to the hearing date. The notice must meet the local public hearing notice requirements.

Where must the notice be made? – The hearing must be well-advertised, generally in the official local paper. In addition, public notice can be made using community bulletin boards, local newsletters, billing statements, newspaper articles or door-to-door distribution. Residents within those areas in which CDBG funds are proposed to be used, especially the low- and moderate-income persons, should be encouraged to attend or provide comment.

For Public Service Grant applications: To further address the intent of the citizen participation requirements to review community needs and the use of CDBG funds, it is recommended the county and community action agency:

- Have the community action agency's most current Community Needs Assessment available

for review at the public hearing to support the need for public service assistance and the allocation of funds;

- Identify those partner organizations that are proposed to be supported by CDBG Public Service Grant funds; and
- Send notice of the public hearing to those partner organizations as an invitation to participate in the public hearing discussions.

What must the notice say? – A sample notice is provided on page 20.

3. Public Hearing Purpose

What must the CDBG hearing cover? – The hearing is to obtain citizens' views and respond to proposals and questions. It must cover community development and housing needs and the availability of CDBG funds. The CDBG Program handout materials are to be distributed. Additional handout materials describing the proposed project(s) are advisable. A copy of the handout information in Spanish is available from the CDBG Program upon request.

4. Meeting the Needs of Non-English Speaking Residents

All applicants must complete the Outreach and Accommodation Form on pages 18 and 19. This form provides guidance on meeting this requirement, lists potential outreach steps and accommodations and outlines how to document the efforts. The CDBG public hearing should not be advertised or conducted without first ensuring appropriate outreach and accommodations are accomplished.

The federal regulations on page 23 state "public hearings shall be conducted in a manner to meet the needs of non-English speaking residents where a significant number of non-English speaking residents can reasonably be expected to participate." The applicant jurisdiction must review local demographic data and consider the potential impacts of the proposed project to determine the appropriate outreach steps and accommodations to meet the needs of non-English speaking residents.

Data on the number and percent of non-English speaking residents in a jurisdiction can be found by accessing the 2000 Census website at www.census.gov and then following these directions:

- Click on the Income heading within the People block
- Scroll down to Census 2000 (Your Gateway to Census 2000) and click on the word **Profiles** (of "Demographic Profiles").
- Select Washington State, type in the jurisdiction name and hit GO.
- Once the Selected Area is listed below, click on the jurisdiction name.
- Once the tables come up, scroll down to the Language Spoken At Home heading and identify the other languages spoken, such as Spanish.
- Under the language category, look for the percentage of the population that speaks English less than "very well."
- Use these percentages to determine whether specific outreach or additional accommodations are necessary to meet the needs and encourage participation from non-English speaking residents.

For Public Service Grant applications: Below is a list of Washington State counties where 2000

Census data show that more than 10 percent of the jurisdiction's population speak Spanish as their principal language and also reported they speak English less than "very well."

Adams County	22%	Franklin County	24%
Chelan County	11%	Grant County	14%
Douglas County	10%	Yakima County	16%

Contact the CDBG office for assistance in accessing and interpreting data on non-English speaking residents.

5. Grievance Procedure

What must the procedure do? – The grievance procedure must provide citizens the address, phone number, and times for submitting complaints and grievances, and provide timely written answers to written complaints and grievances, within 15 working days where practicable. A sample procedure to be adopted is provided on page 24.

√ **NOTE: If funded**, an additional public hearing will be required towards the end of the project to review and receive comments on the project's performance. Also if funded, a public hearing would be required if activities are proposed to be added, deleted or substantially changed from the original proposal.

SAMPLE CITIZEN PARTICIPATION DOCUMENTS

See the following pages for samples to assist you in meeting the requirements ⇒

√ **HELPFUL HINT:** Plan for the required initial public hearing NOW! Decide the hearing date and then work backward to determine when and how the public announcement must be published to allow sufficient notice time and outreach.

OUTREACH AND ACCOMMODATION FOR NON-ENGLISH SPEAKING RESIDENTS FORM

This form documents the applicant jurisdiction's determination whether additional public hearing outreach and accommodations for local non-English speaking residents are required and lists the outreach steps and accommodations provided. The federal regulations on page 23 state "public hearings shall be conducted in a manner to meet the needs of non-English speaking residents where a significant number of non-English speaking residents can reasonably be expected to participate." The CDBG Program benefits low- and moderate-income persons and strongly encourages a jurisdiction to make efforts to receive input on community needs from minority populations. To meet the CDBG requirements for outreach and accommodation for non-English speaking residents, the jurisdiction must:

- √ Complete and submit this form with the application,
- √ Properly advertise the public hearing (see the sample public hearing notice's accommodation clause options) and submit a copy of the notice with the application; and
- √ Follow the public hearing notice and provide any necessary accommodations at the public hearing.

Significant Population - General guidance is if 2000 Census data show that more than 10 percent of the jurisdiction's population speaks English less than "very well" or if more than 10 percent of the project's targeted population speaks English less than "very well," then it is reasonable to expect and encourage a significant number of non-English speaking residents to participate. In such cases, special outreach and accommodations are recommended to inform this population of the opportunity to receive information on the CDBG Program and input on the proposed project. (See B. and D. below.)

OUTREACH - Complete either A. or B., as applicable.

A. To document that targeted outreach to non-English speaking residents was NOT necessary, check the box and provide any additional explanation:

- ☐ Data on local non-English speaking populations, including 2000 Census Data, demonstrate that it is NOT reasonable to expect a significant number of non-English speaking residents to attend the CDBG application public hearing. See page 16 for assistance on accessing 2000 Census Data.

Explain below any local circumstances that contribute to your interpretation of the data:

If you were able to check the A. box above, you can skip B. and complete C.

B. To document the outreach steps taken when it was expected non-English speaking residents would participate in the public hearing, check the boxes that apply:

- ☐ The CDBG public hearing notice was advertised in an alternate language.
- ☐ The CDBG public hearing was announced on an alternate language radio or television station.
- ☐ The CDBG public hearing notice was posted in an alternate language in advance at the following locations to target the non-English speaking population:

Location

Date Posted

- ☐ Members of organizations and advocacy groups representing non-English speaking populations were invited to attend the CDBG public hearing.
- ☐ Leaders and interested parties from the minority community were directly invited to attend the CDBG public hearing.
- ☐ Other:

ACCOMMODATIONS - Complete either C. or D., as applicable.

C. For jurisdictions where it was determined a significant number of non-English speaking residents were NOT expected to participate (A. box is checked above), the following minimum accommodation was made available:

- ☐ The CDBG public hearing notice states that arrangements to reasonably accommodate the needs of special classes of citizens, including handicap accessibility or interpreter, will be made upon advance notice request. Submit a copy of the affidavit of publication or a photocopy of the actual notice from the paper to document.

D. For jurisdictions where a significant number of non-English speaking residents were expected to participate (B. box is checked above), the following accommodations were all made:

- ☐ The CDBG public hearing notices state that an interpreter will be available (*even without advance request*). Submit a copy of the affidavit of publication or a copy of the actual notice from the paper; and
- ☐ CDBG public hearing handouts were available in the alternate language at the public hearing. Sample handouts in Spanish are available from the CDBG program upon request.
- ☐ Other:

Public reporting burden for this collection of information is estimated to average 2.0 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. This agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless that collection displays a valid OMB control number.

Privacy Act Statement. Except for Social Security Numbers (SSNs) and Employer Identification Numbers (EINs), the Department of Housing and Urban Development (HUD) is authorized to collect all the information required by this form under section 102 of the Department of Housing and Urban Development Reform Act of 1989, 42 U.S.C. 3531. Disclosure of SSNs and EINs is optional. The SSN or EIN is used as a unique identifier. The information you provide will enable HUD to carry out its responsibilities under Sections 102(b), (c), and (d) of the Department of Housing and Urban Development Reform Act of 1989, Pub. L. 101-235, approved December 15, 1989. These provisions will help ensure greater accountability and integrity in the provision of certain types of assistance administered by HUD. They will also help ensure that HUD assistance for a specific housing project under Section 102(d) is not more than is necessary to make the project feasible after taking account of other government assistance. HUD will make available to the public all applicant disclosure reports for five years in the case of applications for competitive assistance, and for generally three years in the case of other applications. Update reports will be made available along with the disclosure reports, but in no case for a period generally less than three years. All reports, both initial reports and update reports, will be made available in accordance with the Freedom of Information Act (5 U.S.C. §552) and HUD's implementing regulations at 24 CFR Part 15. HUD will use the information in evaluating individual assistance applications and in performing internal administrative analyses to assist in the management of specific HUD programs. The information will also be used in making the determination under Section 102(d) whether HUD assistance for a specific housing project is more than is necessary to make the project feasible after taking account of other government assistance. You must provide all the required information. Failure to provide any required information may delay the processing of your application, and may result in sanctions and penalties, including imposition of the administrative and civil money penalties specified under 24 CFR §4.38.

Note: This form only covers assistance made available by the Department. States and units of general local government that carry out responsibilities under Sections 102(b) and (c) of the Reform Act must develop their own procedures for complying with the Act.

Line-by-Line Instructions.

Applicant/Recipient Information.

All applicants for HUD competitive assistance, must complete the information required in blocks 1-5 of form HUD-2880:

1. Enter the full name, address, city, State, zip code, and telephone number (including area code) of the applicant/recipient. Where the applicant/recipient is an individual, the last name, first name, and middle initial must be entered.
2. Entry of the applicant/recipient's SSN or EIN, as appropriate, is optional.
3. Applicants enter the HUD program name under which the assistance is being requested.
4. Applicants enter the amount of HUD assistance that is being requested. Recipients enter the amount of HUD assistance that has been provided and to which the update report relates. The amounts are those stated in the application or award documentation. **NOTE:** In the case of assistance that is provided pursuant to contract over a period of time (such as project-based assistance under section 8 of the United States Housing Act of 1937), the amount of assistance to be reported includes all amounts that are to be provided over the term of the contract, irrespective of when they are to be received.
5. Applicants enter the name and full address of the project or activity for which the HUD assistance is sought. Recipients enter the name and full address of the HUD-assisted project or activity to which the update report relates. The most appropriate government identifying number must be used (e.g., RFP No.; IFB No.; grant announcement No.; or contract, grant, or loan No.) Include prefixes.

Part I. Threshold Determinations - Applicants Only

Part I contains information to help the applicant determine whether the remainder of the form must be completed. **Recipients filing Update Reports should not complete this Part.**

If the answer to **either** questions 1 or 2 is No, the applicant need not complete Parts II and III of the report, but must sign the certification at the end of the form.

Part II. Other Government Assistance and Expected Sources and Uses of Funds.

A. Other Government Assistance. This Part is to be completed by both applicants and recipients for assistance and recipients filing update reports. Applicants and recipients must report any other government assistance involved in the project or activity for which assistance is sought. Applicants and recipients must report any other government assistance involved in the project or activity. Other government assistance is defined in note 4 on the last page. For purposes of this definition, other government assistance is expected to be made available if, based on an assessment of all the circumstances involved, there are reasonable grounds to anticipate that the assistance will be forthcoming.

Both applicant and recipient disclosures must include all other government assistance involved with the HUD assistance, as well as any other government assistance that was made available before the request, but that has continuing vitality at the time of the request. Examples of this latter category include tax credits that provide for a number of years of tax benefits, and grant assistance that continues to benefit the project at the time of the assistance request.

The following information must be provided:

1. Enter the name and address, city, State, and zip code of the government agency making the assistance available.
2. State the type of other government assistance (e.g., loan, grant, loan insurance).
3. Enter the dollar amount of the other government assistance that is, or is expected to be, made available with respect to the project or activities for which the HUD assistance is sought (applicants) or has been provided (recipients).
4. Uses of funds. Each reportable use of funds must clearly identify the purpose to which they are to be put. Reasonable aggregations may be used, such as "total structure" to include a number of structural costs, such as roof, elevators, exterior masonry, etc.

- B. Non-Government Assistance. Note that the applicant and recipient disclosure report must specify all expected sources and uses of funds - both from HUD **and any other source** - that have been or are to be, made available for the project or activity. Non-government sources of funds typically include (but are not limited to) foundations and private contributors.

Part III. Interested Parties.

This Part is to be completed by both applicants and recipients filing update reports. Applicants must provide information on:

1. All developers, contractors, or consultants involved in the application for the assistance or in the planning, development, or implementation of the project or activity and
2. any other person who has a financial interest in the project or activity for which the assistance is sought that exceeds \$50,000 or 10 percent of the assistance (whichever is lower).

Note: A financial interest means any financial involvement in the project or activity, including (but not limited to) situations in which an individual or entity has an equity interest in the project or activity, shares in any profit on resale or any distribution of surplus cash or other assets of the project or activity, or receives compensation for any goods or services provided in connection with the project or activity. Residency of an individual in housing for which assistance is being sought is not, by itself, considered a covered financial interest.

The information required below must be provided.

1. Enter the full names and addresses. If the person is an entity, the listing must include the full name and address of the entity as well as the CEO. Please list all names alphabetically.
2. Entry of the Social Security Number (SSN) or Employee Identification Number (EIN), as appropriate, for each person listed is optional.
3. Enter the type of participation in the project or activity for each person listed: i.e., the person's specific role in the project (e.g., contractor, consultant, planner, investor).
4. Enter the financial interest in the project or activity for each person listed. The interest must be expressed both as a dollar amount and as a percentage of the amount of the HUD assistance involved.

Note that if any of the source/use information required by this report has been provided elsewhere in this application package, the applicant need not repeat the information, but need only refer to the form and location to incorporate it into this report. (It is likely that some of the information required by this report has been provided on SF 424A, and on various budget forms accompanying the application.) If this report requires information beyond that provided elsewhere in the application package, the applicant must include in this report all the additional information required.

Recipients must submit an update report for any change in previously disclosed sources and uses of funds as provided in Section I.D.5., above.

Notes:

1. All citations are to 24 CFR Part 4, which was published in the Federal Register. [April 1, 1996, at 63 Fed. Reg. 14448.]
2. Assistance means any contract, grant, loan, cooperative agreement, or other form of assistance, including the insurance or guarantee of a loan or mortgage, that is provided with respect to a specific project or activity under a program administered by the Department. The term does not include contracts, such as procurements contracts, that are subject to the Fed. Acquisition Regulation (FAR) (48 CFR Chapter 1).
3. See 24 CFR §4.9 for detailed guidance on how the threshold is calculated.
4. "Other government assistance" is defined to include any loan, grant, guarantee, insurance, payment, rebate, subsidy, credit, tax benefit, or any other form of direct or indirect assistance from the Federal government (other than that requested from HUD in the application), a State, or a unit of general local government, or any agency or instrumentality thereof, that is, or is expected to be made, available with respect to the project or activities for which the assistance is sought.
5. For the purpose of this form and 24 CFR Part 4, "person" means an individual (including a consultant, lobbyist, or lawyer); corporation; company; association; authority; firm; partnership; society; State, unit of general local government, or other government entity, or agency thereof (including a public housing agency); Indian tribe; and any other organization or group of people.

SUBRECIPIENT AGREEMENT

The county must execute a written agreement with the community action agency that is serving as grant subrecipient. This agreement must be fully executed and submitted to the CDBG Program before the 2005 grant funds can be released. The county can amend its current subrecipient agreement, or develop a new subrecipient agreement for the new 2005 contract.

If properly written and executed, the subrecipient agreement can be an indispensable management tool for both the county and community action agency. This Subrecipient Agreement must include, as a minimum:

- Operating Budget
- Scope of Service
- Intended Beneficiaries
- Method of Payment
- Performance Schedule
- Termination Clause
- Annual Audit Requirement
- Monitoring and Evaluation Criteria
- Record Keeping Expectations
- Disposition of Property
- Indemnification Clause
- Required Federal Standard Provisions (Provided on the following page.)
 - Title VI of the Civil Rights Act of 1964 Clause
 - Access to Records Clause
 - Section 109 Clause
 - Age Discrimination Act of 1975, as Amended Clause
 - Section 504 of the Rehabilitation Act of 1973, as Amended Clause
 - Conflict of Interest Provision

To avoid difficulties commonly associated with subrecipient agreements, the county should review the document with the subrecipient's key officials and staff.

Amendments in the subrecipient agreement may be necessary if there are changes in the scope or schedule of work. Neglecting to formally amend the agreement to reflect the current understanding of the subrecipient responsibilities places both the county and the community action agency at risk. In addition, CDBG staff must be consulted regarding the nature of any proposed amendments to the subrecipient agreement and a copy of the amended agreement must be submitted to the CDBG Program.

Sample agreements are available electronically. Contact the CDBG Office.
